Sir:

PETITION UNDER
UNDER 37 C.F.R. § 1.47(b)

Pursuant to 37 C.F.R. § 1.47(b), the corporate Applicant and assignee of the present application, Realtek Semiconductor Corporation ("Realtek"), hereby petitions the Commissioner to accept the accompanying Declaration signed by the corporate Applicant and to allow the corporate Applicant to make the reissue application on behalf of the non-signing inventors, Chihsin Kao, Chunta Chen, and Ming-Kang Liu, who are former employees of the former assignee (Integrated Telecom Express, Inc.) of U.S. Patent No. 6,292,515 ("the '515 patent").

03/08/2004 MBERHE 00000102 060916 10668095

02 FC:1460 130.00 DA

Although corporate Applicant has mailed to the last known address of each of Mr. Kao, Mr. Chen, and Mr. Liu two separate copies of the Declaration for the inventors, the above-identified reissue application, which includes a complete copy of the '515 patent, and a preliminary amendment containing new claims 20-100, the inventors have not responded to corporate Applicant's requests.

REQUIRED OATH, APPLICANT'S RELATIONSHIP TO INVENTORS, LAST KNOWN ADDRESSES OF INVENTORS, AND INVENTORS' ASSIGNMENT OF INVENTION

Pursuant to M.P.E.P. §409.03(b)(A), (B), (D), and (E), the accompanying Declaration by Sun-Chien Chiu, President of Applicant corporation Realtek has made the required oath, stated its relationship with the inventors, stated the last known addresses of the inventors, and made out a *prima facie* case that the inventors have agreed in writing to assign the invention to the corporate Applicant (through the inventors' assignment and two additional assignments).

THE INVENTORS CANNOT BE FOUND OR REACHED AFTER A DILIGENT EFFORT OR HAVE REFUSED TO EXECUTE THE APPLICATION PAPERS

Pursuant to M.P.E.P. § 409.03(b)(C), corporate Applicant submits Declarations by Sang Hui Michael Kim and Ming-Tao Yang in Support of this Petition that describes facts and provides documentary evidence to establish that the inventors cannot be found after diligent efforts and also to suggest that the inventors have refused to execute the application papers and join the reissue application.

FILING OF THIS APPLICATION IS NECESSARY TO PRESERVE THE RIGHTS OF THE PARTIES OR TO PREVENT IRREPARABLE DAMAGE

The subject matter of the present invention and application is an integral part of corporate Applicant's business in the U.S. and potentially may be used in corporate

Applicant's and affiliates' products. If third parties or the non-signing inventors use or disclose the subject matter of the present application, corporate Applicant's ability to obtain exclusive U.S. rights to the subject invention will be lost. Further, the present application is necessary to preserve corporate Applicant's potential exclusive U.S. patent rights from being infringed in the future by third parties. The loss of any of the above potential exclusive U.S. patent rights to corporate Applicant will irreparably damage corporate Applicant in that corporate Applicant's competitors will be able to copy and use the subject matter of the present application.

CONCLUSION

The undersigned submits that all the requirements of 37 C.F.R. § 1.47(b) and M.P.E.P. § 409.03 have been met. Accordingly, the undersigned requests that the Commissioner approve this Petition and the accompanying Declaration executed by corporate Applicant and allow prosecution on the merits to begin on the above-identified reissue application.

Please charge the required petition fee set forth under 37 C.F.R. § 1.17(h) to our Deposit Account No. 06-0916. If there are any other fees required for filing this paper, including any fees for extensions of time, please charge these fees to our Deposit Account No. 06-0916.

Respectfully submitted,

**DECLARATION OF MING-TAO YANG IN SUPPORT
OF PETITION UNDER 37 C.F.R. § 1.47(b)**

I, Ming-Tao Yang, hereby declare as follows:

1. I am an attorney admitted to practice in Washington, D.C., and California, of the law firm of Finnegan, Henderson, Farabow, Garrett, and Dunner, LLP, 1300 I Street, NW, Washington, DC 20005. I believe that I have the first-hand knowledge of the facts recited in this Declaration.

2. I read and understood the contents of the Petition Under 37 C.F.R. § 1.47(b) and the Declaration of S.H. Michael Kim in Support of Petition Under 37

C.F.R. § 1.47(b) ("Kim Declaration") filed herewith in response to the Notice to File Missing Parts of Non-provisional Application dated October 31, 2003.

3. I understand that Chunta Chen ("Chen"), Chiihsin Kao ("Kao"), and Ming-Kang Liu ("Liu") are the joint inventors of the above-captioned reissue patent application.

4. On November 24, 2003, and December 5, 2003, I sent each of Chen, Kao, and Liu a letter signed by Mr. Kim. The letters (Exhibit E to Kim Declaration) each included the Reissue Declaration, a copy of the reissue application, and a Preliminary Amendment containing new claims filed with the reissue application on September 18, 2003. I separately sent the letters to the last-known addresses of Chen, Kao, and Liu via Federal Express, as indicated on the tracking reports attached as Exhibit F to Kim Declaration. I understood that each letter requested that Chen, Kao, and Liu each sign the Declaration and join the reissue application. The November 24, 2003, letters requested return of the signed Declarations by December 5, 2003, and the December 5, 2003, letters requested return of the signed Declarations by December 16, 2003. Each of the letters included a self-addressed Federal Express envelope for return of the signed Declarations. The Federal Express tracking reports for the letters (see Exhibit F to Kim Declaration) indicate that the first letter to Chen with the tracking number of 839238288531 was delivered on November 25, 2003, at 9:52 a.m., and the second letter to Chen with the tracking number of 842616874670 was delivered on December 9, 2003, at 3:03 p.m. Also, the first letter to Kao with the tracking number of 839238288439 was delivered on November 25, 2003, at 9:44 a.m., and the second letter to Kao with the tracking number of 842616874648 was delivered on December 9,

2003, at 11:48 a.m. The first letter to Liu with the tracking number of 839238288509 was delivered on November 25, 2003, at 10:03 a.m., and the second letter to Liu with the tracking number of 842616874637 was delivered on December 8, 2003, at 4:43 p.m.

5. I obtained the last-known addresses of Chen, Kao, and Liu from ITEX Inc., the original assignee of this reissue application and their former employer. According to the e-mail from Ms. Yaw Sheh Kao of ITEX Inc., dated December 10, 2003, and attached as Exhibit G to Kim Declaration, no other contact information for Chen, Kao, and Liu was available.

6. I understand that on December 7, 2003, Michael Kim received an e-mail from Liu (Exhibit H to Kim Declaration), who stated that he was busy and out of the country and that returning the signed Declaration to Michael Kim before December 5, 2003, was not possible. Mr. Liu asked that his signature on the Declaration be waived. I also understand Michael Kim contacted Mr. Liu and allowed the signed Declaration to be returned in January.

7. On January 6, 2004, I sent each of Messrs. Chen and Kao a letter signed by Mr. Kim (Exhibit I to Kim Declaration) via Federal Express to their last known addresses. I understand that those letters requested that they return the signed Declarations by January 20, 2004. Those letters also stated that non-receipt of the signed Declarations by that date would be understood to be a refusal by Chen and Kao to join this reissue application. The Federal Express tracking reports for those letters are attached as Exhibit J to Kim Declaration. The third letter to Kao with the tracking number of 842616874718 was delivered on January 7, 2004, at 11:55 a.m. The third

letter to Chen was returned to our firm on January 21, 2004, because of the inability to obtain Chen's signature for the delivery.

8. On January 22, 2004, a third letter signed by Mr. Kim (Exhibit K to Kim Declaration) was sent via Federal Express to Chen's home address with instructions to leave the letter without requiring that a signature be obtained upon delivery. I understand that the letter requested that Chen return the signed Declaration by January 29, 2004. The letter also stated that non-receipt of the signed Declaration by that date would be understood to be a refusal by Chen to join this reissue application. The Federal Express report for tracking number 842616784865 indicates delivery on January 23, 2004, at 9:04 a.m. (Exhibit L to Kim Declaration.)

9. On February 12, 2004, a third letter signed by Mr. Kim (Exhibit M to Kim Declaration) was sent via Federal Express to Liu's home address. I understand that the letter requested that Liu return the signed Declaration by February 20, 2004. The letter also stated that non-receipt of the signed Declaration by that date would be understood to be a refusal by Liu to join this reissue application. The Federal Express report for tracking number 842616874821 indicates delivery on February 12, 2004, at 6:04 p.m. (Exhibit N to Kim Declaration).

10. To date, neither Chen nor Kao have replied to the November 24, 2003, December 5, 2003, January 6, 2004, or January 22, 2004, letters or otherwise provided a signed Declaration. Liu has requested that his signature be waived and has failed to reply the February 12, 2004, letter. I believe that the activities of Chen, Kao, and Liu, as described above and in the Kim Declaration, establish that the inventors cannot be found or fail to respond after diligent efforts. The activities of the inventors also suggest

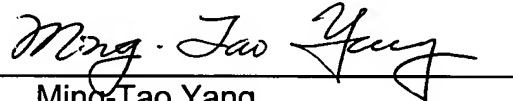

that the inventors have refused to execute the application papers and join the reissue application.

11. I hereby declare that all statements made herein of my own knowledge are true and that all statements made on information and belief are believed to be true; and further that these statements were made with the knowledge that willful false statements and the like so made are punishable by fine or imprisonment, or both, under Section 1001 of Title 18 of the United States Code and that such willful false statements may jeopardize the validity of the application or any patent issued thereon.

Respectfully submitted,

DECLARATION

On behalf of Realtek Semiconductor Corporation ("Realtek"), the assignee of the entire interest in U.S. Patent No. 6,292,515 ("the '515 patent") and Application No. 10/668,095 ("the '095 application"), I hereby declare that:

1. I am the President of Applicant corporation Realtek, a corporation incorporated in Taiwan and having a registered address at Science-Based Industrial Park, No. 2, Industry E. Rd. IX, Hsinchu, Taiwan, R.O.C.

2. The full name, citizenship, residence, and the last known mailing address of each of the inventors are listed below.

Full Name: Chiihsin Kao
Citizenship: United States
Residence: Palo Alto, California
Mailing Address: 521 Driscoll Place, Palo Alto, California 94306

Full Name: Chunta Chen
Citizenship: Taiwan
Residence: Fremont, California
Mailing Address: 5946 Remer Terrace, Fremont, California 94555

Full Name: Ming-Kang Liu
Citizenship: United States
Residence: San Jose, California
Mailing Address: 6535 Canterbury Court, San Jose, California 95129

3. Applicant's Relationship to Non-signing Inventors: Applicant has no direct business relationship with the non-signing inventors. However, all of the non-signing inventors were the employees of a former assignee of the '515 patent. Specifically, to the applicant's knowledge, the non-signing inventors were employees of Integrated Telecom Express Inc. ("ITeX") when the parent application of the '515 patent was filed, and the inventors assigned the application to ITeX on December 16, 1997. (See Attachment A.)

4. The inventors have agreed in writing to assign the invention to the Applicant (through the inventors' assignment and two additional assignments). As show in Attachment A, the inventors agreed in writing to assign the subject matter of application no. 08/991,810 ("the '810 application") to ITeX on December 16, 1997. The continuation of the '810 application, application no. 09/510,578, matured into the '515 patent issued on September 18, 2001. (See Attachment B.) Thereafter, ITeX assigned the '515 patent on June 23, 2003, to Real Communications, Inc., which assigned the '515 patent to the Applicant on September 2, 2003. (See Attachments

C and D.) Applicant filed the reissue application of the '515 patent on September 18, 2003. Accordingly, the inventors have agreed in writing to assign the invention to the Applicant.

5. Applicant has reviewed and understands the contents of the specification, including the claims, of the reissue application, Application Serial No. 10/668,095, filed on September 18, 2003. Applicant believes that the amendment and the claims do not add new matter to the original specification and claims.

6. Applicant believes that Chiihsin Kao, Chunta Chen, and Ming-Kang Liu are the original and the first inventors of the subject matter described and claimed in United States Patent No. 6,292,515, granted on September 18, 2001, of which a reissue patent is sought by this reissue application filed September 18, 2003, serial no. 10/668,095.

7. Applicant acknowledges the duty to disclose to the Office all information known to us to be material to patentability as defined in 37 C.F.R. § 1.56.

8. Applicant believes that U.S. Patent No. 6,292,515 is partly inoperative or invalid at least because Applicant claimed more or less than Applicant had the right to claim in the patent. For example, the original claims of the '515 patent recite first and second adaptation procedures or first and second adaption routines. Applicant believes it is entitled to claims not limited by the first and second adaptation procedures and not limited by the first and second adaption routines. Applicant therefore added new claims 20-100 not limited by those elements.

9. All errors which are being corrected in the present reissue application up to the time of filing of this declaration arose without any deceptive intention on the part of Applicant.

10. An error which is a statutory basis for reissue is that the patent fails to contain claims of broader scope. See *Hewlett-Packard Co. v. Bausch & Lomb, Inc.*, 882 F.2d 1556, 1564-1565, 11 U.S.P.Q.2d 1750, 1757 (Fed. Cir. 1989); *In re Handel* 312 F.2d 943, 945- 46 n.2, 136 U.S.P.Q. 460, 462 n.2 (C.C.P.A. 1963). Applicant filed the reissue application on September 18, 2003, to introduce broader scope claims.

11. I hereby declare that all statements made herein are true and that all statements made on information and belief are believed to be true; and further that these statements are made with the knowledge that willful false statements and the like so made are punishable by fine or imprisonment, or both, under Section 1001 of Title 18 of the United States Code and that such willful false statements may jeopardize the validity of the application or any patent issued thereon.

INTELLECTUAL PROPERTY ASSIGNMENT

This Intellectual Property Assignment (this "Assignment") is made as of 11/23/2003, 2003 by Integrated Telecom Express, Inc., a Delaware corporation ("Assignor"), to Real Communications, Inc., a corporation organized under the laws of the State of California ("Assignee").

RECITALS

A. Assignor owns the patents issued by the United States Patent and Trademark Office and certain foreign patent and trademark offices, as well as patent applications filed with the United States Patent and Trademark Office and certain foreign patent and trademark offices, as set forth on Schedule A hereto (the "Patents").

B. Pursuant to a Purchase Agreement between Assignor and Assignee, Assignor desires to assign to Assignee all of Assignor's right, title and interest in and to the Patents.

ASSIGNMENT

NOW, THEREFORE, in consideration of the foregoing premises, the mutual covenants and agreements contained in the Purchase Agreement and the covenants and agreements in this Assignment and to induce Assignee to consummate the transactions contemplated by the Purchase Agreement, Assignor agrees as follows:

1. Assignor does hereby sell, transfer, convey, assign and deliver to Assignee all of Assignor's right, title and interest in and to the Patents (and regarding Patents that are patent applications, any patents that may issue therefrom), including any foreign counterparts, divisions, continuations or reissues thereof, the same to be held by Assignee for Assignee's own use and enjoyment, and for the use and enjoyment of Assignee's successors, assigns and other legal representatives, as fully and entirely as the same would have been held and enjoyed by Assignor if this Assignment and sale had not been made; together with all claims for damages by reason of past infringements of the Patents, along with the right to sue for and collect such damages for the use and benefit of Assignee and its successors, assigns and other legal representatives.

2. Assignor hereby authorizes and requests the Commissioner of Patents and Trademarks of the United States, and any officer of any country or countries foreign to the United States, whose duty it is to issue patents or other evidence or forms of intellectual property protection or applications as aforesaid, to issue the same to Assignee and its successors, assigns and other legal representatives in accordance with the terms of this instrument.

Sir:

**DECLARATION OF SANG HUI MICHAEL KIM IN SUPPORT
OF PETITION UNDER 37 C.F.R. § 1.47(b)**

I, Sang Hui Michael Kim, hereby declare as follows:

1. I am a registered patent attorney (PTO Reg. No. 40,450) at the law firm of Finnegan, Henderson, Farabow, Garrett & Dunner, LLP, of 1300 I Street, NW, Washington, DC 20005. I have first-hand knowledge of the facts recited in this Declaration.

2. I understand that Chunta Chen ("Chen"), Chiishin Kao ("Kao"), and Ming-Kang Liu ("Liu") are joint inventors in the above-captioned reissue patent application.

3. On November 24, 2003, and December 5, 2003, I sent each of Chen, Kao, and Liu a letter, attached as Exhibit E without enclosures, each included a copy of the reissue application, a Preliminary Amendment containing new claims filed with the reissue application on September 18, 2003, and a copy of the Reissue Declaration filed with the reissue application. I separately sent those letters to the last-known addresses of Chen, Kao, and Liu via Federal Express, as indicated on the tracking reports (Exhibit F). The letters respectively requested Chen, Kao, and Liu to sign the Declaration and join the reissue application. The November 24, 2003, letters requested return of the signed Declarations by December 5, 2003, and the December 5, 2003, letters requested return of the signed Declarations by December 16, 2003. Each of those letters included a self-addressed Federal Express envelope for return of the signed Declarations. The Federal Express tracking reports for the letters (see Exhibit F) indicate that the first letter to Chen with the tracking number of 839238288531 was delivered on November 25, 2003, at 9:52 a.m., and the second letter to Chen with the tracking number of 842616874670 was delivered on December 9, 2003, at 3:03 p.m. Also, the first letter to Kao with the tracking number of 839238288439 was delivered on November 25, 2003, at 9:44 a.m., and the second letter to Kao with the tracking number of 842616874648 was delivered on December 9, 2003, at 11:48 a.m. The first letter to Liu with the tracking number of 839238288509 was delivered on November 25, 2003, at 10:03 a.m., and the second letter to Liu with the tracking number of 842616874637 was delivered on December 8, 2003, at 4:43 p.m.

4. I understand that Ming-Tao Yang, an attorney who works with me on this reissue application, obtained the last-known addresses of Chen, Kao, and Liu from ITEX Inc., the original assignee of this reissue application and the former employer of Chen, Kao, and Liu. According to the e-mail from Ms. Yaw Sheh Kao of ITEX Inc. to Mr. Yang, dated December 10, 2003, and attached as Exhibit G, no other contact information for Chen, Kao, and Liu was available.

5. On December 7, 2003, I received an e-mail from Liu (Exhibit H), who stated that he was busy and out of the country and that returning the signed Declaration to before December 5, 2003, was not possible. Mr. Liu asked that his signature on the Declaration be waived. I contacted Mr. Liu and allowed the signed Declaration to be returned in January.

6. On January 6, 2004, I sent each of Messrs. Chen and Kao a letter (Exhibit I) via Federal Express to their last-known addresses, requesting that they return the signed Declarations by January 20, 2004. Those letters also stated that non-receipt of the signed Declarations by that date would be understood to be a refusal by Chen and Kao to join this reissue application. The Federal Express tracking reports for those letters are attached as Exhibit J. The third letter to Kao with the tracking number of 842616874718 was delivered on January 7, 2004, at 11:55 a.m. The third letter to Chen was returned to our firm on January 21, 2004, because of the inability to obtain Chen's signature for the delivery.

7. On January 22, 2004, I sent a third letter (Exhibit K) via Federal Express to Chen's home address with instructions to leave the letter without requiring that a signature be obtained upon delivery. That letter requested that Chen return the signed

Declaration by January 29, 2004. The letter also stated that non-receipt of the signed Declaration by that date would be understood to be a refusal by Chen to join this reissue application. The Federal Express report for tracking number 842616784865 indicates delivery on January 23, 2004, at 9:04 a.m. (Exhibit L.)

8. On February 12, 2004, I sent a third letter (Exhibit M) via Federal Express to Liu's home address. That letter requested that Liu return the signed Declaration by February 20, 2004. The letter also stated that non-receipt of the signed Declaration by that date would be understood to be a refusal by Liu to join this reissue application. The Federal Express report for tracking number 842616874821 indicates delivery on February 12, 2004, at 6:04 p.m. (Exhibit N.)

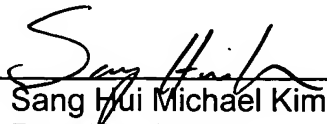

9. To date, neither Chen nor Kao have replied to the November 24, 2003, December 5, 2003, January 6, 2004, or January 22, 2004, letters or otherwise provided a signed Declaration. Liu has requested that his signature be waived and has failed to reply the February 12, 2004, letter. I believe that the activities of Chen, Kao, and Liu, as described above and in the Kim Declaration, establish that the inventors cannot be found or fail to respond after diligent efforts. The activities of the inventors also suggest that the inventors have refused to execute the application papers and join the reissue application.

10. I hereby declare that all statements made herein of my own knowledge are true and that all statements made on information and belief are believed to be true; and further that these statements were made with the knowledge that willful false statements and the like so made are punishable by fine or imprisonment, or both, under Section 1001 of Title 18 of the United States Code and that such willful false statements may jeopardize the validity of the application or any patent issued thereon.

Respectfully submitted,

Dear Mr. Kim,

I received your package regarding a previous ITEX patent, reference number 08834.0038-0000.

I briefly went over it and there are quite many pages of new claims to review. As I am busy and out of country, it is not possible for me to return to you according to your date. If possible, I would like to waive it.

You can reach me by this email account.

Best Regards,
Max
